SALICYLIC ACID

DESCRIPTION

This beta hydroxy acid (BHA) has the ability to penetrate into the pore lining and exfoliate inside thanks to its keratolytic function. This makes it specially useful in treatments for acne with blackheads. It is recommended to treat follicular hyperkeratosis and imperfections of young and oily skins because of its sebum regulator effect.

%	ACTIVE INGREDIENTS	FUNTIONS
2	SALICYLIC ACID	Keratolytic, sebum regulator, bacteriostatic.

AVAILABLE FORMATS

OBSERVATIONS

SHELF LIFE AND STORAGE

Expiry date: 3 years from production.

PAO: N/A
