

“Packaging can be theater,
it can create a story”

- Steve Jobs

La historia de Neftis Laboratorios nace de un espíritu alegre y creativo que nos ha llevado a más de 15 años de formulación, conocimiento, experiencia y know how.

Todos sabemos que lo importante está en el interior, pero un buen vestido es el reflejo de lo que queremos mostrar hacia fuera.

Con esta premisa presentamos este catálogo, con el que pretendemos inspirar ideas creativas que vestirán nuestros productos no sólo para protegerlos, sino para realzar su belleza y valor.

Esperamos que en las próximas páginas encuentre soluciones efectivas y atractivas para sus productos, y estamos ansiosos por formar parte de su equipo en los próximos retos que nos propongamos para crecer juntos.

Neftis Laboratorios' history is born from a happy and creative spirit which lead us to more than 15 years of formulation, knowledge, experience and know how.

We all know that beauty is always on the inside, but a good dress reflects what we want to show outwards.

With this in mind we present this catalog, with the only wish of inspiring creative ideas that will dress our products, and looking forward to be part of your team in the next challenges that will lead us to our growth.
